

PROJECT OF THE YEAR AWARD CRITERIA

The Project of the Year Award recognises excellence in welding and fabrication projects, with a focus on exceptional craftsmanship, a commitment to Australian and International Standards, environmental sustainability and innovation. Projects must have been completed in the 12 months preceding 1 August 2026.

You must be a current 2026 Weld Australia member to apply for this award. If you are unsure about your membership status or would like to join, please email membership@weldaustralia.com.au or phone David Choudry (Membership Manager) on 0417 878 104.

You will need the following information on hand to complete your online entry form. The online entry form can be accessed via: <https://weldaustralia.com.au/2026-welding-excellence-awards/>

Contact Details

First Name	Last Name	Title
Company Name	Email Address	Phone Number
Street Address		

Project Team

Please provide the names of the companies associated with the project, including the client, architect, structural engineer, head contractor, fabricator, distributor or manufacturer, detailer and coatings supplier.

Photos

Please upload at least three photos. These photos should include the finished project and progress shots, as well as your facilities and project team. These photos will be used for promotional purposes, including but not limited to: PowerPoint presentations at event ceremonies, in Weld Australia's newsletters, EDMs, magazines, social media and website. By uploading photos, you confirm that you have the permission of all people photographed for their use in promotional purposes. Please note that the files must be either a JPEG or a PNG. The file must also be over 1MG in size, but the larger the better.

Logo

Please upload your company's logo. Again, this logo will be used for promotional purposes and must be supplied as a high-resolution format JPEG, PNG or EPS.

Overview (500 words maximum)

Please provide an overview of the project. This should include details of the project, what fabrication work was undertaken, an overview of the fabrication company's history, services, and capabilities. It should also summarise why the company deserves to win the award with a focus on quality and innovation.

AWARD CRITERIA

Craftsmanship and Innovation (500 words maximum)

Outline how the project demonstrates excellence in craftsmanship. Outline how the project was innovative in terms of design, fabrication or erection. Consider factors such as the use of automation, robotics, Industry 4.0 and the implementation of innovative techniques, processes and procedures.

Quality Assurance and Health & Safety (500 words maximum)

Outline how the project ensured quality, as well as health and safety performance. Consider factors such as qualifications and certifications, and policies and procedures.

Sustainability (500 words maximum)

Outline how sustainable principles were incorporated into the project. Consider factors such as impact on the surrounding environment, implementation of an environmental management policy, waste reduction, recycling, and investments in renewable energy, electric vehicles and sensor lighting.

Supporting Information (500 words maximum) - Optional

Please include any other supporting information that may be relevant to the award.
